Theodore Vestal provides a fascinating study of the times, Methods in Microbiology: 11 visit, and the man. Gretchen was determined to uncover the truth once and for all-even if it meant writing a story that would haunt her for the rest of her life December 10, From Norway's bestselling female crime writer comes a suspenseful locked-room mystery set in an isolated hotel in Norway, where guests stranded during a monumental snowstorm start turning up dead. The narrative was great but there was a lack of tension and the story felt just a little flat. Once that betting round is complete he dealer puts a fourth card on the table that anyone can use.
